*Organic

KEY INGREDIENTS

Passionfruit (*Passiflora Incarnata*) Extract: healing, antioxidant, anti-inflammatory

Cocoa Extract – antioxidant, phyto-endorphin (mood enhancing), moisturizing, detoxifying

Giant Knotweed Extract (*Resveratrol*) – one of the most potent antioxidants, natural chemo-preventive agents inhibiting the cellular processes associated with tumor development, including initiation, promotion and progression; significant anti-inflammatory properties, sirtuin

Resistem™ (*Globularia Cordifolia*): plant stem cell extract™ which is known as the anti-aging bodyguard due to its ability to encourage a defense system in the heart of the skin. In other words, it provides skin with the power of self-protection and self-restoration. It also promotes detoxification (maintains proteasome activity), cell lifespan extension (stimulates sirtuin-1) and tissue regeneration (helps to preserve skin stem cells). Also anti-inflammatory.

Honey Extract (Mel) – soothing, antiseptic and beneficial in the treatment of burns, lacerations, wounds and sores

French Rose Flower Extract – toning, cellular and DNA protection from UVA and UVB, antioxidant, enhances cellular detoxification

Pearl Powder – anti-inflammatory, anti-bacterial, detoxifying, moisturizing

Sea Salt – anti-microbial, antibacterial, detoxifying promotes circulation and helps to restore natural oil balance

Crocus Chrysanthus Bulb Extract – A flower bulb extract that helps to improve cell-to-cell communication, renews the skin's resilience, and rejuvenates skin texture.
